Forecast for Thursday 24 Mar 2022

Weather: Dry with clear spells and some patchy mist or frost in the glens through the early hours. Some sunny spells to start the day in the east, but cloud increases through the morning. A few well scattered showers in the afternoon, most likely across the Cairngorms, but most hills dry. Then a dry evening and night with the odd clear spell.

Chance of cloud-free hill tops above 800m: 40% in the west, 70% in the east

Low cloud and visibility: Visibility mostly good outside of low cloud, although a slight haze obscuring distant hills. Cloud lowering to around 700-800m by mid-morning across hills west of Dalwhinnie. Further east, occasional cloud from late morning mainly above 1000-1100m.

Met Office Aberdeen Meteorologist's View
Moderate UV levels despite often rather cloudy conditions. Sun cream advised.

Forecast for Friday 25 Mar 2022
Weather: Patchy cloud and the clear spells through the early hours. Then a dry day with sunny spell, perhaps some patchy low cloud across western hills. Much less hazy than recent days. Dry with a few clear spells after dark.

Maximum wind: West or southwest 5-10 mph, gusting 20 mph at times across the higher tops.

Chance of cloud-free hill tops above 800m: 80%

Low cloud and visibility: Visibility generally good or very good. Some patchy low cloud gradually lifting up western slopes in the morning. A little patchy summit cloud possible during the afternoon.

Temperature: **Glens:** Plus 2 Celsius rising to 15 Celsius
At 800m: Plus 3 Celsius rising to 7 Celsius
Freezing level: Above the summits.
